DEEPAK TIWARI

Data Analyst | Business Analyst

Jaipur, Rajasthan | 8740946940 | deepakt5223@gmail.com | Github: https://github.com/deepakt5223 | Linkedln: www.linkedin.com/in/deepak-tiwari-4964a4375 | Portfolio: https://deepakt5223.github.io/https-deepakt5223.github.io/

Professional Summary:

Detail-oriented Data Analyst with hands-on experience in Python, SQL, Power BI, and Excel. Skilled in exploratory data analysis (EDA), data cleaning, dashboard design, and transforming complex datasets into actionable insights. Strong expertise in statistical analysis and machine learning. Proven track record of improving operational efficiency and providing data-driven recommendations for business process improvements.

SKILLS

- **Data Analysis & BI:** Python (Pandas, NumPy), SQL (MySQL), EDA, Statistical Analysis, Machine Learning.
- **Visualization Tools:** Power BI, Matplotlib, Seaborn, Excel Charts
- **Excel Expertise:** Pivot Tables, VLOOKUP, INDEX-MATCH, Advanced Formulas, Data Validation
- **Soft Skills:** Communication, Problem Solving, Analytical Thinking, Detail-Oriented, Quick Learner

WORK EXPERIENCE

Billing Coordinator — Finance Data | Dec 2023 – Jan 2026
Mohan Lal Tiwari (HUF), Jaipur

- Maintained large billing datasets using Excel with high accuracy in financial reporting
- Created comprehensive MIS reports using Pivot Tables, VLOOKUP, and formulas for expense tracking and project-wise cost analysis
- Tracked project costs and material usage, improving operational efficiency

Data Operations Executive | Apr 2022 – Nov 2023
Radhaswami Infra, Jaipur

- Collected operational data from multiple sources and organized in Excel for monthly MIS reporting
- Transformed raw data into structured format and find meaningful insight from it , which helps in decision making

PROJECTS

Real Estate Property Price Analysis | Python, Pandas, NumPy, EDA
- Performed data cleaning and EDA on 1000+ property records to identify price drivers and market trends
- Conducted price trend analysis based on location and property features, providing actionable insights

Power BI E-Commerce Dashboard | Power BI, DAX, ETL
- Designed interactive Power BI dashboard with ETL pipeline importing CSV files and business measures
- Created KPIs and dashboards improving sales visibility and inventory planning

E-Commerce Data Analysis | MySQL, Python, Pandas, Seaborn
- Connected MySQL database with Python for data extraction and performed sales analysis
- Built visualizations for product performance insights and customer trend evaluation

Health Insurance Price Predictions | VS Code , Pandas, Seaborn, Streamlit , EDA

-Built insurance price prediction model (Linear Regression, Decision Tree, Random Forest)

-Deployed using Streamlit for real-time predictions

EDUCATION

Post Graduate Program: Data Analytics & Machine Learning 2026 – Imarticus Learning
Bachelor of Science (Physics, Chemistry, Mathematics) 2020 – University of Rajasthan
